Message from the President

Rajeeva Pieris 1

Editorial

A significant achievement in the pursuit of advancing the discipline of cardiothoracic surgery 2
Palinda Bandarage

Research article

Aortic aneurysms and dissections – the early SJGH experience 3
P A Gooneratne

Technical note – How I do it

Correcting a sinus venosus atrial septal defect and enlarging the superior vena cava right atrial junction using a single pericardial patch 9
R R Pieris

Case reports

Tracheo-bronchomalacia in infants 11
I H D S Pradeep, K W S M Wijayawardhana, Y Mathangasinghe, K Singappuli, P Weeraddana

Antiphospholipid syndrome (APLS) – A thrombotic challenge to the cardiac surgeon 15
K M V R Alles, M Munasinghe, P Bandarage

Successful coronary artery bypass grafting under cardiopulmonary bypass in a patient with factor 12 deficiency 19
W K R K Ranaweera, M Munasinghe

Successful surgical repair of an ischemic myocardial rupture 21
K M V R Alles, M W S N Wimalarathne, P H G Ranasinghe, B A W L Kapuwatta, A M M De Alwis, I J Paranagama, M G M Pabasara, I de Lanerolle, D S Gunasena, D S Dahanayake

Pseudoaneurysm formation following ligation of a patent ductus arteriosus 25
P D Weeraddana, S Jayasinghe, D Samarasinghe, S A K S Singappuli, M S Mugunthan

A patient with mitral valve infective endocarditis with successful mitral valve repair having multiple septic embolizations at varying stages of treatment course <i>S Iddamalgoda, S Wijesinghe N Dissanayake, L H M M N Lansakara</i>	28
A rare case of a middle-aged patient presenting with ALCAPA syndrome who underwent successful surgical correction <i>S Iddamalgoda, S Wijesinghe, K Virajini, L H M M N Lansakara</i>	30
Foreign body retrieval from the tracheo-bronchial tree using Dormia basket; an alternative approach <i>D M S Handagala, P Dhammika, K N U Siriwardena</i>	33
Transcatheter occlusion of vertical vein that opened up after surgical repair of obstructed infracardiac total anomalous pulmonary venous connection <i>S Jayasinghe, P D Weeraddana, I R Ragunathan, S Perera, M S Mugunthan</i>	36
Complex life-threatening thoracic trauma with successful sternal reconstruction <i>I H D S Pradeep, K W S M Wijayawardhana, Y Mathangasinghe, D Rasnayaka</i>	39
Coronary artery bypass grafting in a kidney transplant patient <i>M Gopisanth, I Wijemanna, M De Silva, D Gunasena, M Kothalawala</i>	41
Dengue haemorrhagic fever, during the immediate postoperative period in a patient who had undergone mechanical aortic valve replacement <i>L H M M N Lansakara, K Thanesan</i>	43
A left anterior descending artery to pulmonary trunk coronary arterial fistulae with associated interventricular septal hypertrophy <i>P Bandarage, N Vas Goonewardane, W Kapuwatta, M Guruparan</i>	46
